

## Millennium HSW-300 EU

Heatset web and sheetfed fountain solution

- // Designed for high speed presses
- // Reduced wash intervals
- // ISEGA approved

Tower Products Europe produces and supplies printers with high performance pressroom chemistry, aimed at increasing productivity. A complete line of innovative founts is manufactured in The Netherlands. Evidently, you will benefit from our permanent investment in research and development and our expert technical support.

By choosing the Millennium HSW-300 EU, the use of alcohol during the printing process can be reduced or eliminated. This enables printers to produce more successfully and profitably.

# Millennium HSW-300 EU

## Description

Millennium HSW-300 EU is a first class fountain solution for heatset web and sheetfed presses that contains a strong non-piling additive and excellent wetting for alcohol free printing. The product has a strong buffering system and will work well in various types of dampening systems to provide fast, clean restarts. This is a Glycol Ether EB free formula. This product is ISEGA approved for use in food contact applications.

## Specifications

Flashpoint	: 93° Celsius
VOC	: 7%
Odor	: Mild
Appearance	: Bluish Green liquid
Conductivity Range	: 577 µS per % + water
Conductivity	: 2310 µS
pH	: 4.2 - 4.4
Press Ready Solution (4% per liter)	

## Features and benefits

- Contains high technology wetting agent for reducing surface tension. No Glycol Ether EB.
- Unique non-piling additive incorporated in the formulation.
- Formulated for all common CTP plates and various dampening systems.
- Designed for high speed heatset web and sheetfed press applications.
- Reduced wash intervals.
- Strong, unique buffering system against calcium carbonate.
- ISEGA approved for food packaging applications.

## Directions for use

- // Always clean the dampening system before changing fountain solution.
- // Dosing 3 - 5% of Millennium HSW-300 EU per liter of water.
- // Read the Safety Data Sheet before use.

## Packaging

Millennium HSW-300 EU is available in 21 kg | 208 kg | 1100 kg packaging.

## Certification

The Millennium HSW-300 EU is ISEGA certified.
